## Programmer and Game Developer 🙌

I'm Pelle, a Dutch Programmer and Game design student looking for an internship position at Improbable.

I've got experience developing for multiple multiplayer titles as well as a history in developing exploits and cheats for multiplayer games. Developing for multiplayer is something that truly excites me and I'd love to have a shot at developing for bigger projects than I've developed for so far.

I'd love to meet with you and discuss the Internship Software Engineering position! You can reach me at [pelle.jorn.bruinsma@gmail.com](mailto:pelle.jorn.bruinsma@gmail.com) or (+31) 644354294.

Looking forward to hearing from you and thank you for your consideration.

Sincerely,

Pelle Bruinsma
